OF
AHARON WOLF, M.D.

STATEMENT
OF
CHARGES

AHARON WOLF, M.D., the Respondent, was authorized to practice medicine in New York State on or about 09/01/2011 by the issuance of license number 262821 by the New York State Education Department.

FACTUAL ALLEGATIONS

A. On or about 07/02/2019, the Medical Board of California, Department of Consumer Affairs, State of California issued a Decision adopting a 06/03/2019 Proposed Decision. Pursuant to the Proposed Decision, which followed a hearing, the Medical Board of California denied Respondent's application for a California physician's and surgeon's certificate, based on a finding that Respondent made false statements in his application. Specifically, the Proposed Decision found that Respondent, who was placed on academic probation for a period during residency, falsely denied that he had ever been placed on probation, had any limitations placed upon him, or received partial or no credit for a postgraduate training program.

B. The conduct resulting in the California Decision could constitute misconduct under the laws of New York State pursuant to the following section of New York State Law:

1. New York Education Law § 6530(1) (obtaining the license fraudulently)

Law § 6530(9)(d) by having his or her license to practice medicine revoked, suspended or having other disciplinary action taken, or having his or her application for a license refused, revoked or suspended or having voluntarily or otherwise surrendered his or her license after a disciplinary action was instituted by a duly authorized professional disciplinary agency of another state, where the conduct resulting in the revocation, suspension or other disciplinary action involving the license or refusal, revocation or suspension of an application for a license or the surrender of the license would, if committed in New York state, constitute professional misconduct under the laws of New York state (namely N.Y. Educ. Law § 6530[1]) as alleged in the facts of the following:
